**ABOUT ME**

Hello, I am Tashreeq Solomons, and I love working with wood and going the extra mile to please my customers.

# HISTORY

The Cupboard Design Studio (CDS) is a start-up company that was established during November 2021 to provide a better standard of living for Tashreeq and his family while simultaneously employing more staff and growing the business. The Cupboard Design Studio manufactures all-purpose furniture, kitchen cabinets and cupboards for all rooms, walk-in closets and can provide custom-built furniture as requested by its customers.

# MISSION

To provide value for money furniture solutions to its customers is at the core of The Cupboard Design Studio's aim to be consistent, delivering quality workmanship and to be on time in providing the custom-made furniture pieces that have been ordered.

# VISION

To manufacture and sell quality, Proudly South African furniture across South Africa and be able to export abroad, thereby growing the business to be in the position to assist others in the community too.

# HIGHLIGHTS

As a start-up, The Cupboard Design Studio team consists of 3 employees, which makes it possible to be flexible and go the extra mile to please its customers. Since its inception, various projects for outdoor areas, wine cellars, unique storage spaces and day beds have been completed successfully.
