The Career and Training Expo (CTEX) has established itself as the most successful career and training event in South Africa. CTEX brings many different Industries together with a rapidly growing portfolio of exhibitors.

The South African Furniture Initiative (SAFI) exhibited, for the first time, at the CTEX Expo on the 18th and 19th of July 2018 at the V&A Waterfront in Cape Town. Our aim was to use the platform to promote the career opportunities in the Furniture Industry.

SAFI stand at the CTEX Career and Training Expo

To create excitement in this endeavour, SAFI ran a competition where the students visiting the expo were required to provide input in what they felt are potential career opportunities in the Furniture Industry and use our social media platforms to upload their entries for the competition.

In August 2018, our Chief Operating Officer did the random draw at our offices and the lucky winner was Matthew Simpson from Sibelius High who won a Lap desk for himself and two Office Chairs for his school. The prizes are to the value of R5 000 and was sponsored by FurnAll and South African Furniture Initiative (SAFI).

Congratulations Matthew Simpson!!
