PUM Netherlands senior experts

A PUM Netherlands senior expert is a volunteer organisation committed to sustainable development through small and medium sized enterprises. Hundreds of entrepreneurs in South Africa have benefited from PUM support since 1994. The 'entrepreneurs-for-entrepreneurs' organization offers practical expertise within the most important sectors of the economy, giving primary attention to producers and consumers.

PUM works with over 1500 senior experts - all volunteers - who share their knowledge on a one-on-one basis. Either through short-term and repetitive advisory missions at the work floor, seminars, through online coaching activities or business link visits to the Netherlands.

Since 1978, PUM has been assisting over 40,000 businesses worldwide and actively maintains a network of more than 150 representatives in 30 countries today. PUM's vision is to share knowledge for vibrant businesses and better lives. The focus lies on supporting SMEs in the areas of Trade & Industry, Services, Health & Environment and Food Security.
